Dear Toli Leonovich (or Hiring Manager),

My name is Eric Sheng. I'm an experienced web developer with strong communication and organizational skills. This letter is regarding the Software Developer position that I had come across in Integra's website listing.

I admire the company culture presented in the website, as a developer always looking to grow and expand knowledge myself in a positive working environment. During my time with Prosper IT Consulting, I learned a lot working with my Scrum team during the development lifecycle and was an enjoyable time enhancing the application with others.

I know trying to find the right candidate can be difficult. Attached is my resume, and let me know if you think I'd be a good fit. I'd love to be a part of Integra and believe I could be a helpful addition to your team!

Thank you for your time.

Sincerely,
Eric
